Substantial Life-time Cost Savings

Global IP Payments Integrated Portfolio Management

The industry's only renewals platform that includes a full-capability portfolio database

Onboard Your Records

Simple import automatically creates portfolio of patents, trademarks, and designs. All matters are checked for accuracy against PTO data and lifetime renewal payment schedules are calculated. New applications and grants are added to the system to ensure a complete portfolio

Instruct & Pay Renewals

Easy to complete instructions are directly entered into the system without cumbersome PDFs or emails. Full access to all process steps including pay schedule, fee calculations, and official receipts. Autopay, split responsibility, and special instructions are available.

Manage Your Entire Portfolio

Platform includes tracking of bibliographic fields, emails, documents, categories, and annuities, allowing for Portfolio Management of all records not just renewals. Also includes scheduled reports sent by email, dashboards, and the ability to export to Excel.
